Below are the Names of Those who have benefitted from the Goodness and Mercy Missions' Computer Training Program since 2004. Many people have gone through the training but these are only the names of those we can immediately identify and reach out to. They are those whom the training has registered a substantial contribution to their welfare. We at Goodness and Mercy Missions- Cameroon dedicate this list to Informatik fur Afrika -Switzerland (www.informatik-afrika.net) that has provided the resources and to everyone that has made it possible for us to deliver these services to the community.
