**Subject: Letter Of Appreciation**

**Dear Ms Rosina,**

On behalf of the Pendamboko community and RUDEC, I wish to thank you for supporting over 500 children in 3 schools with didactic materials this year.

Cameroon is experiencing so many socio-economic crisis's such as the Anglophone crisis that has affected so many grassroots villages including the Pendamboko community.

Part of the solution to address the current situation is to support vulnerable children access education and with your support we were able to provide didactic materials such as workbooks, exercise books, pens, pencil, erasers, rulers etc for more than 500 children in 3 schools in Penda Mboko this academic year.

We thank you a thousand times for your continuous support and wish you Gods' abundant blessing.

Kind regards,

Catherine Nalowa.
