Appreciation

The management and beneficiaries of Centre for Community Regeneration and Development (CCREAD-Cameroon) sincerely thank the management and supporters of Informatik Fur Afrika, Switzerland for supporting our Buea office/training center with solar power installation.

The installation that has now been completed is already helping the organization in reducing cost of running its vocational training programs. It is enabling the effective and efficient delivery of training and ensuring that the number of women and youths admitted continues to increase. Prior to this project, training was very difficult due to constant electricity supply disruptions.

As a growing nonprofit organization delivering vocational training programs for women and youths, this support means a lot to us and we pledge to sustain this project while ensuring that ensure the solar installation is properly managed.

We want to thank Mrs Rosina Hug who championed the identification and technical specification of this wonderful project.

Yours truly,

The block contains a handwritten signature in blue ink, which appears to be 'Hilary EWANG NGIDE'. To the right of the signature is a circular official stamp. The stamp has a blue border with the text 'CENTRE FOR COMMUNITY REGENERATION AND DEVELOPMENT' and 'P.O BOX 183 BUEA, S.W. REGION, CAMEROON'. In the center of the stamp is a logo featuring a stylized 'C' and 'R' inside a circle, with a star at the bottom.

**Hilary EWANG NGIDE (Ph.D.)
Director**
